The Prospector Theater was envisioned and designed by Valerie Jensen, it was built as a solution to the unemployment epidemic among adults with disabilities. While working as the executive director of an arts and recreation non-profit for people with disabilities, Val was always disheartened to see so many of her friends struggling to find work.

*“25 Prospect Street” is a behind the screens look at the struggles and sparkle of the Prospector Theater – a non-profit movie theater with a mission of meaningful employment for people with disabilities. Watch the Prospector team laugh, cry, and earn their first paychecks as they grow from a small town theater to silver screen superstars.*

### **Panel Presenters:**

Val Jensen – Executive Director of the Prospector Theater

Mike “Munchie” Santini – Director of Research and Development  
for the Prospector Theater

Tara Klein – Social Media Outreach Consultant for the WIHD  
Community Support Network

Ann Dichiara – Treasurer of Extraordinary Ventures of NY (EVNY)
